FACILITIES AND EVENT ACCOMMODATIONS

Sleeping occupancy (Dorms & Huts): **20-27 PEOPLE**
Facilities occupancy: **150 PEOPLE MAX**

Whether you have experienced the particular beauty of our Valley firsthand, found us online or through a friend, you might be wondering how you can share all that Blue Sky has to offer with your friends and family. The section below provides information about our facilities to help you think imaginatively about how you might use our space.

We operate out of renovated industrial and office buildings from the mid-century ARCO era. Both an organization and a property, our work blends community programming, resource development, and facilities management to best make our space available for community use and impact. Through unique architecture and artist residencies, our facilities have been designed to provide a memorable space, making them ideal for your next special event!

The Shelton Huts and Shepherd Wagon are located in our Hut Circle Camp. These glamping structures are adjacent to the Khalili Cantina, which has a kitchen and small indoor dining area, as well as our outdoor shower and cowboy pool. Bathrooms are a short walk away in both the Warehouse (Building 4) and Flagship (Building 1) buildings.
